# THE BRAND

## BRAND PHILOSOPHY

Icon comes in many shapes, colors and sizes that all related to design. As a unique trendy icon of timepieces, TEMPORIS is full of creativity that comes about through meticulous effort at design. All the designs of Temporis not only reflect the lifestyle attitude, but also the thinking characteristics of the new young generations:

### UNIQUE FASHIONABLE MODERN

From the very outset, the particular characteristics are an integral part of Temporis's brand philosophy that subtly express in its watch design.

### A TOUCH OF GLAMOUR

Temporis watches are designed for stylish youngsters. We achieve a balance between elegance, styling and quality. In addition to the elegance and stylish appearance, Temporis pays attention to quality control. Watches and components are carefully checked at each assembly stage, hence ensuring that the quality of each watchpiece can reach the standards of the brand. Our criteria and detail concerns cast a glamour over the design that expresses personality and style.

天普时TEMPORIS

Temporis 天普時

An abstract geometric collage on the right side of the page. It features several overlapping, irregular shapes outlined in white. The shapes are filled with watercolor-style textures in various colors: shades of pink, red, orange, yellow, green, and blue. The background on the left is plain white.
